I will need to know the date and time of pick up and drop off. I will also need to know the car class you'd like to reserve and the place of pick up and drop off. If the drop off place is different from where you picked up the car, a one way fee may apply. I will NOT need a credit card to make the reservation, but you will need a major credit card to pick up the car. (A debit card is ok at one of the airport locations with return itinerary only on most car classes)
